

## COMPATIBLE SFPS ... SAME THING, DIFFERENT STICKER:

As the cost of technology continues to rise, you are constantly looking for ways to optimize your budgets. Using compatible SFPs is a great way to help decrease costs while maintaining reliability.

Our compatible SFPs are first-party OEM (Original Equipment Manufacturer).

We purchase from the same companies that produce them for the manufacturers. Our 1- 10- and 40-gig-compatible SFPs come from the same factories and have all the same quality standards for fit, form and function. They are guaranteed to be compatible because they are the same thing just a different sticker! It would be CRAZY to pay full price!

## MORE CRAZY FACTS:

- **It's the Same Thing!** – Purchased from the same company as the manufacturers – right off the same assembly line.
- **Highest Quality** – Meets the same quality standards for fit, form and function.
- **Crazy Savings** – Reduce your SFP costs by 50 percent to 70 percent. Now multiply that by how many SFPs you use in a year.
- **Lifetime Warranty** – Unlike manufacturer warranties, our compatible SFPs come with a lifetime advance replacement warranty.
- **Simple Is Better** – Our name and number is on every SFP, so you can rest assured that you can call us day or night should you need a replacement.
- **Who Doesn't Love a Sample?** – There is no better way to know the quality of a product than trying it first. Ask us for a free sample!

## THE NETWORK CRAZE ADVANTAGE:

With Network Crazy, you not only get quality products, but the quality products you need – not the ones the manufacturer says you need, the ones you *really* need. This approach gives you the ability to stretch your IT budget while getting fast delivery, a lifetime warranty and an expert sales team. Offering all the top manufacturers, Network Crazy is a one-stop shop for all of your data and voice technology, cabling and storage needs.
