

# SFPs

SAME THING, DIFFERENT STICKER

Our compatible SFPs are first-party OEM. We purchase them from the same companies that produce for the big name manufacturers. Our 1, 10, and 40 gig compatible SFPs are guaranteed to have the same high quality standards for fit, form and function as the manufacturers. It would be crazy to pay full price for your SFPs.

## Why our SFPs?

- Compatible – Right off the same assembly line as the manufacturers, they will perform the same.
- Quality – We guarantee the highest quality for fit, form and function.
- Savings – Reduce your SFP spend by 50 to 70 percent just by switching.
- Simplicity – Our name and number is on every SFP, call us day or night for a replacement.
- Sample – We offer a free sample so you can try us before you buy from us.
